Summary

easy and fast Fan draft shroud Prusa MK4

[3D Printers](#)   >   [Prusa Parts & Upgrades](#)

Re-mix of the original nice Fan shroud - but with Snap-on mounting

- SnapOn Version Fan Cover
- honeycomb design
- Easy on / off without removing screws
- No supports needed & easy printing
- super light - only 0.77g
- super fast - 2min printtime

Perfect addon for **MK4 Hotend Fan Shield - eliminates turbulence / drafts at the nozzle caused by the hotend fan - Fan shroud - REMIX**

https://www.printables.com/de/model/566871-mk4-hotend-fan-shield-eliminates-turbulence-drafts

Printed on a MK4 in PETG / 0.15 or 0.2 Quality / no supports

This remix is based on
